

Why join
the Tar Heel Branch
(as a *second/dual* branch)
if you already belong to
AAUW NC?

- Connect to others in NC who view AAUW as extending beyond their communities' borders. [Of 54 members, at least 20 have experience as state board members. The branch allows those who are no longer active to "find" the friends they made through AAUW NC.]
- Offer the option of this branch to prospects without time to commit to your community-based branch.
- Connect with those recruits and others who might be near you. Let them know what your community-based branch is doing — so they "know" you when their life situation changes.
- Use the resources of this virtual branch to help your primary branch.

Branch Dues for 10-11: \$5.00
